Subject: 2022 SB 16 - AN ACT ADDRESSING GUN VIOLENCE AND JUVENILE CRIME

This email is to voice my opposition to bill 2022 SB 16 - An Act Addressing Gun Violence and Juvenile Crime. While there are some worthwhile measures in this bill, a number of the proposed laws would severely impact legal gun owners with minimal impact to gun violence.

Show your permit on demand without due cause and removing rights to appeal violates legal gun owners constitutional rights.

Expanding gun free zones to include within 250 feet of a demonstration puts legal gun owners at risk of unintentionally violating the law if they are exercising their constitutional rights and accidentally enter a demonstration area they had no prior knowledge of. Expanding the zones to included Public transportation prevents legal gun owners from legally transporting guns as allowed by other laws.

Increasing the criteria for licensed gun dealers (FFL's) is onerous and would decrease the options for legal purchases of guns with no impact to the illegal gun trade.

Sincerely,

Michael Levesque
